DNA TEST REPORT

Case ID: 123123123 • Batch ID: 160203130A1

Name	Race	Date Collected	Sample ID #
Father (Alleged) Tested Man	Caucasian-International	12/15/2016	H1122337-10
Child (Focus) Tested Child	- - -	12/15/2016	H1122337-20
Mother (Not Tested)	- - -		

INTERPRETATION: Alleged relationship is not excluded

Probability of Paternity: 99.99999% Combined Paternity Index: 48,230,629

Prior Probability: .50
Based on the DNA analysis the alleged Father Tested Man cannot be excluded as the biological Father of the Child Tested Child 1 because they share genetic markers. Of the genetic identity systems tested 22 of 22 match. (99.99999999999999% of the Caucasian-International male population is excluded from the possibility of being the biological Father). The probability of the stated relationship is indicated below as compared with an unrelated Caucasian-International male. Analyses with the exception of sample collection were conducted in accordance with the Standards for PCR DNA analysis set forth by the AABB.

Resultados del Análisis de ADN
Caso: 123123123

Nombre **Raza** **Fecha de Colección** **Prueba No.**

Padre (Presunto)	John Smith	Caucasico	15/11/2016	HI123297-10
Niño/Niña	James Smith	-	15/11/2016	HI123297-20
Madre	Jane Johnson	Caucasico	15/11/2016	

Probabilidad de Paternidad: 99.999% **Índice de Paternidad Combinado: 48,330,629**

El presunto padre no es excluido como padre biológico del niño(s) examinado(s). Basados en los resultados de los análisis obtenidos de los loci de STR analizados, la probabilidad de paternidad es de [probabilidad % redondeado a 4 decimales]. Esta probabilidad de paternidad fue calculada en comparación con el índice de la población general, no simulado y no relacionado (asume una probabilidad previa igual a 0.50).

Auto-Fill Forms That Save You Time

The screenshot displays the MediPro Direct DNA Forms interface. A modal window titled "DNA Forms" is open, showing a list of documents for download. The background interface includes a sidebar with "Fast Track" and "Search" buttons, a "Status" dropdown set to "Open", and a table of agents. The main content area of the modal is divided into "Auto Fill Forms" and "Blank Forms" sections, each with a table of documents and a "Download" button.

DNA Forms
All forms require a current version of Adobe® Acrobat Reader. [Click here](#) to download the latest version.

User-Uploaded Docs

Document	Type	Uploaded By	Uploaded On	Action
COC 1-4 Final.pdf	Other	Example Reseller	2017-06-14 17:34:30	<input type="button" value="Delete"/>

Documents may be any file format. However, the most common file formats are .pdf and .tif. To view a .pdf file, use Adobe Acrobat or a similar viewer. For a .tif format, use the AlternaTiff Viewer (see link below if you do not already have this viewer installed on your computer). For assistance, contact technical support at 877-268-1021.

File Viewers

For easier Tiff viewing, we recommend the AlternaTiff Plugin. For PDF documents, download the latest [Adobe Reader](#).

Detailed History Notes and Test Status Updates To Keep You and Your Customers Informed

The screenshot displays the MediPro Direct DNA web application. A modal window titled 'Exam History' is open, showing a table of exam records. The background interface includes a top navigation bar with the MediPro Direct DNA logo, a 'Create Case' button, and a dropdown menu for 'Example Reseller'. Below the navigation bar, there are tabs for 'Fast Track' and 'Search', a 'Status' dropdown set to 'Open', and a table of agents. To the right of the 'Exam History' modal, there is a 'Total Records: 2' indicator and a table with columns for 'Report Date' and 'Medical Company'.
